

an evening benefiting

Thursday, Sept 14, 2017
5pm - 8pm

Passion Event Center
7651 Hwy 65 NE
Fridley, MN 55432

Sponsorship Overview

About the event:

The 1st annual "Carsino Night" event will take place on Thursday, Sept 14th at Passion Event Center in Fridley. It will feature a buffet-style dinner, cash bar, "funny money" gaming tables, a game show, raffles, KS95 radio talent appearance, and a photobooth for entertainment. There will be a short program at the end of the evening along with prize drawings. Attendance is estimated at 250. All proceeds from this event will go to support neighbors in need of car repair services and costs to repair donated vehicles. Your contribution is 100% tax deductible/nonrefundable.

Impact of your contribution:

For every \$10,000 raised we can impact the lives of 60 individuals; men, women, AND children. Many of us take having a vehicle for granted but it can make all the difference. Employers want to know that their employees can get to work on time; without a working vehicle they may not be considered for a promotion or could lose their job. And, those with children want to be sure their young ones are able to participate in extracurricular activities. A car is not a luxury, rather a means to improving their lives.

About Cars for Neighbors:

The mission of Cars for Neighbors is fostering independence by providing car care. Cars for Neighbors was founded in 1999 under the name Free to Be. Located in Anoka County, MN, Cars for Neighbors is a nonprofit organization that provides assistance to neighbors seeking economic self-sufficiency. We do this through providing cars or car repair so they can get to work, take their children to medical appointments, and participate in educational opportunities. To improve chances of their long-term success, we provide education on budgeting and car maintenance. This is achieved through a small organizational structure with many strong and critical partnerships and numerous volunteers. We pull this network together to help neighbors become more self-sufficient, one car at a time. Since inception in 2000 we have been able to donate over 1,000 vehicles and repair over 3,600.

CARSINO NIGHT 2017
